Dubai, UAE - January 26th, 2014 - Natalya Kaspersky, CEO at InfoWatch Group of Companies and Kaspersky Lab co-founder, was awarded the Best Technology Business Entrepreneur Award during the Women in Technology MEA 2014 show in Dubai.

Best Technology Business Entrepreneur Award was bestowed to Mrs. Natalya Kaspersky honoring her remarkable contribution to the progress of the international IT community. Her current largest business project, InfoWatch, is a global IT-company, which specializes in internal security solutions. It is a very dynamic and growing IT Holding, which notwithstanding its young age plays a visible role in global information security sector. Natalya Kaspersky personally represents a great success story of an international business woman.
